I consider myself lucky to have found Hillcrest Family Services. They were so helpful. The support they offered was amazing.

From the time I walked into the Hillcrest office I felt very comfortable, they showed me that they were there to help me in every way possible.

Hillcrest gave me the opportunity to meet with the couple, and interview them, and get to know this amazing family who did adopt my child. I still receive letters and pictures of my child through Hillcrest, which has shown me that they really want every one to be happy and secure with their decision.

I was told many times that I have been given a great gift. I feel Hillcrest gave me the same great gift in the awesome support that my mom and I received, and in the awesome family that I choose for my child.

—Samantha

I made the hardest decision of my life in December of 2006. I decided at 7 months pregnant that I was going to be giving my child up for adoption. I talked to my deacon at my church and she referred me to Hillcrest.

We had our first meeting and I knew when I finally met both Jody and Melissa this is all I needed to know this was the right decision. They both had the tightest, warmest hugs I could ever imagine. Jody and Melissa helped dry my tears and told me everything is going to be okay, and I believed them.

I would not have been able to make it through all of this without them with me every step of the way. Melissa and Jody both helped dry my tears and I knew that everything was going to be okay with them on my side. I couldn't have done this by myself and every day I thank that they are in my life.
